Kuby's book is probably one of the better text books to have if you are an immunology student. Kuby goes into detail that you will not find in other books. It is written for a higher level of understanding than most other text books. It is certainly not a beginners book. I definitely recommend this book to every

...

I have six of the seven editions of the Kuby Immunology. It remains the best text book for budding immunologists for both undergrad and graduate level. It is especially useful for those of us working immunologists that find it difficult to keep pace with how rapidly our science is expanding in our level of understanding immunity.
