Of course, the boxes vary according to the type of book I'm reading but the principal remains the same. Others by James Herbert - Goodreads

Author of such classic chilling tales as The Fog and The Rats, Britain's foremost horror master James Herbert now cleverly transcends the boundaries of detective fiction and the supernatural for Others, a book that begins in the bowels of Hell. In this fiery underworld we meet a former Hollywood movie star, thrust there for a lifetime of depravity.

I'm doing something a little bit different this time and featuring a slightly more recent book that I just read for the first time: Others, by James Herbert. I loved Others by James Herbert a lot. It was a gripping, disturbing action packed book full of believable characters.
