Before the Beer Purity Law 500 years ago this year, other herbs were used in beer instead of hops. According to the book Sacred and Herbal Healing Beers, before the use of hops in beer, gruit ale was the beer staple made primarily with sweet gale, bog myrtle and yarrow. These herbs were mildly narcotic and some were considered aphrodisiacs.

Many of supplemental L-arginine's activities, including its possible anti-atherogenic actions, may be accounted for by its role as the precursor to nitric oxide or NO. NO is produced by all tissues of the body and plays very important roles in the cardiovascular system, immune system and nervous system.
