Scania 111 - 1985 for sale | Tradus
The UK market for heavy trucks has always been dominated by forward-control (cab-over-engine) designs and it is only in recent years that normal control (bonneted) models have begun to make an impact with the Scania T-Cab range. From an earlier era, the Scania 111 was popular on mainland Europe and export markets such as North Africa.

scania111 photos on Flickr | Flickr
The 111 code stands for Generation 1, 11-liter engine. The Scania SBA is a conventional military truck with a distinctive square forward control cab. The 4x4 and 6x6 models have a 90% parts commonality. This feature is a achieved by using the same diesel engine, albeit a turbocharged one on the 6x6 model.
